Summary

I am a Multimedia Designer eager to learn new multimedia software and techniques of all the tools. I have experienced both front-end and back-end development in my diploma but decided to focus on front-end, hence I pursue my degree in Multimedia. While I could work independently, I prefer to work in a team to learn and work together because I am outgoing and a friendly team player.

I am well-versed in Photoshop, Sony Vegas Pro, Wondershare Filmora, quite knowledgeable in Animate, ZBrush, 3ds Max, Figma, HTML, CSS, Clip Studio Paint, Audacity and still learning JavaScript, Audiotool, Inkscape, Premiere Pro and Illustrator.
